

*"The caring staff made things easier for my whole family."*

*Husband of a patient*

## *About Kansas City Hospice House*

### **Around-the-Clock Care**

When staying at home isn't the best option, Kansas City Hospice House provides a peaceful alternative. The 24-bed inpatient facility is easy to find in south Kansas City, Mo., at 12000 Wornall Road, just two miles from Interstate 435.

Kansas City Hospice House provides medical and nursing care for patients facing advanced illnesses, as well as emotional and spiritual support for patients and their families. It's all in the comfort of a beautiful, homelike environment with natural light and views of the outdoors.

Patients and guests often remark on the sense of peace and comfort they feel at the facility. Family members are relieved of caregiving duties and can focus on each other, while our staff members focus on all of the needs of patients and support families.

Kansas City Hospice House is for short stays. It's an option when patients need:

- Pain management and control of other distressing symptoms.
- Transitional care after leaving the hospital.
- An around-the-clock nursing presence.

Patient rooms are spacious, and family members are welcome to stay overnight if desired. A professional chef prepares meals for patients, and soup and refreshments are available for families.

Family members can gather at Kansas City Hospice House's many patios and family rooms. There also are quiet places to be reflective. Parking is close to the entry, making it easy for guests to come and go.

### **Paying for Services**

Services are covered by Medicare, Medicaid and many private insurance policies. As a nonprofit organization, Kansas City Hospice & Palliative Care strives to serve all in need. We help you figure out your insurance coverage or eligibility for assistance.
