RSVP to Meredith Reneau by November 2nd.

...a time to pay tribute to someone who is gone.
...a time to honor those memories.
...a time to acknowledge life and its seasons.

We remember; we gather together; we share our stories of our loved ones so that others might know them. We find new ways of living as our loved ones remain alive in our hearts and in our memories.

VITAS Innovative Hospice Care® of Kansas City invites you to join us as we remember and honor our loved ones who have died. We offer this memorial service as a way to express our feelings of grief and loss with the support of others.
